

NOT TO STOP WITH THREE BILLION

Treasury Statement First Indication That Third Liberty Loan Goal Was for More.

Washington, April 9.—The first official indication that the government hoped to raise more than three billion dollars from the third liberty loan came today in a treasury statement asking that the country subscribe three or four times that amount and furnish 20,000,000 subscribers, double the number of the second loan.

The statement, authorized by Secretary McAdoo, from Raleigh, N. C., where he spoke today, said: "Let us not stop where we have reached our quota. Let us go forward and make the quota three or four times as great. If it is possible to do it, let us at the same time make the number of subscribers to these bonds three times as great as it was before. There is no answer that will carry such discouragement to the enemies of America and of civilization as that twenty million American citizens have subscribed this time for liberty bonds."

"We can get the twenty million if we stay in the fight and make up our

minds to it. If we do this it will mean that we shall have not three billion but four billion or five billion to help our gallant men in this supreme test of all time for the liberties of the world."

Anxious to Raise Quotas.

Washington, April 9.—Five billion dollars is the unofficial goal toward which liberty loan organizations all over the country are working, despite the \$3,000,000,000 minimum set by the treasury. This became evident today from reports from campaign committees in many cities which are anxious to reach their quotas within the first half of the four weeks' period, and to devote the last half to doubling the apportionment. Several big cities are among those which have sent word privately that they hoped to "go over the top" within two weeks and eventually to double their quotas and thereby win the third liberty loan honor flag with one star, designating a doubling.

So far, reports have been genuinely encouraging. Although definite reports have not been available, and official estimates have been barred by Secretary McAdoo, every indication is that small communities are working strenuously to pile up their share of liberty dollars. Farmers also seem to be subscribing freely. This is a distinct contrast to conditions of the last loan when big cities were the reliance to a much greater extent than this time.

Buzzing With Activity.

The enthusiasm apparent throughout the south has been a subject of special comment at the treasury department since the campaign opened Saturday. Towns of considerable size which appeared indifferent in the first and second loans, now are buzzing with activity.

Under Secretary McAdoo's new arrangement for giving out only figures on actual subscriptions reaching federal reserve banks, it will probably be three or four days yet before an adequate idea of the country's pledges can be determined.

Protests from newspapers against Secretary McAdoo's ruling against the giving out of estimates of liberty loan subscriptions began to reach Washington early today. Newspapers suggested that the enthusiasm of workers and prospective subscribers might be dampened.

Treasury officials said they were making every effort to get early reports from federal reserve banks on subscriptions actually turned in together with receipts from initial 5 per cent. payments and they expect to be able to announce totals for the country within a few days.

Many Quotas Raised.

Telegrams to loan headquarters here today indicated that many loan organizations in all parts of the country already have raised their quotas. From the St. Louis district came this message: "Salesmen plunged into the work of disposing of \$75,000,000 of bonds. St. Louis quota of a little more than \$39,000,000 has been lost sight of and nothing less than the sum aimed at will be discussed."

The honor roll of communities which have already subscribed quotas continued to grow today. San Francisco sent word that sixty-five communities in that district claimed honor flags. New York reported the award of about twenty-five. From Chicago came word that twenty-four townships in Will county, Ill., had gone over the top and that Joliet raised its entire quota in eight hours, without the assistance of a single corporation or bank.

Nineteen Nationalities at Work. Cleveland reported that citizens of nineteen nationalities are making a house-to-house canvass in the foreign

language district and are harvesting many subscriptions.

Daniels in Buffalo.

Buffalo, N. Y., April 9.—Secretary Daniels was the guest of the local liberty committee today. After visiting the committee headquarters this morning he was taken on a trip of inspection to the plant of the Curtiss Aeroplane and Motor corporation and other places engaged in important war work. Following a lunch at noon Secretary Daniels will visit Niagara Falls, where he will again speak for the liberty loan and inspect some of the electro-chemical plants, returning to Buffalo for a patriotic meeting in the evening.

Shriners Subscribe.

Macon, Ga., April 9.—A subscription for \$100,000 of liberty bonds was made today by Shriners from Alabama, Georgia and Florida, here for their spring ceremonial. A contribution of \$272 to the French war orphan fund also was made.

Boston Returns Good.

Boston, April 9.—Unofficial estimates of Saturday's subscription in the first federal reserve district, comprising New England, place the total above \$15,000,000. This is for the first day only of the drive, and returns are believed to have been \$5,000,000 greater than had been generally expected.

Cleveland Total Reported.

Cleveland, O., April 9.—Chairman C. A. Paine, of the Cleveland liberty loan committee, announced at noon today that Cleveland's total subscriptions up to last night totaled \$14,717,500.

Captive Observation Balloons Employed

Paris, April 9.—Captive observation balloons of the sausage type have been seen rising over the region of Paris on recent nights, and there has been much speculation regarding the purpose of this maneuver. It is now explained that the balloons are used in connection with a system of metallic nets as defense against air raiders. The balloons first were sent up on the occasion of the last attempted raid on Paris, but the enemy having been fought off before he was able to reach the capital, the effectiveness of the system has not yet been tested.

COSTA RICAN CONGRESS SUSPENDS GUARANTEES

San Juan, Del Sur, Nicaragua, April 9.—The Costa Rican congress, according to a dispatch from San Jose, has authorized President Tinoco to issue a decree suspending individual guarantees, in view of the revolution outbreak in southern Costa Rica. The resolution adopted by the congress says suspension should be made in order "to vanquish the revolution led by Vilho, a Germanophile priest, who has invaded the country from the department of Chiriqui, Panama."

FREIGHT HANDLING CHARGES AT SAVANNAH INCREASED

Washington, April 9.—The interstate commerce commission tentatively approved today an application of the Merchants' and Miners' Steamship company for increased wharfage and freight-handling charges at Savannah.

Pilgrim Church, April 10. Prices 50, 35 and 25c.—(Adv.)

HAMILTON WILL FURNISH 141 MEN IN APRIL CALL

Maj. Rutledge Smith Announces Quotas of Counties for the Next Draft.

(Special to The News.)

Nashville, April 9.—Maj. Rutledge Smith, state chairman of the council of defense, has announced the following allotments for East Tennessee and nearby counties under the call for 2,415 white men as the state's April quota of the second draft.

Anderson, 15; Blount, 8; Mount, 31; Bradley, 17; Campbell, 27; Carter, 21; Claiborne, 22; Cocke, 20; Coffee, 15; Cumberland, 9; Franklin, 21; Grainger, 18; Greene, 31; Grundy, 8; Hamilton, 13; Hamilton, No. 1, 18; Hamilton, No. 2, 35; Hancock, 10; Hawkins, 22; James, 5; Jefferson, 17; Johnson, 10; Knox, No. 2, 14; Lincoln, 26; Loudon, 17; McMinn, 23; Marion, 19; Meigs, 6; Monroe, 22; Morgan, 12; Polk, 11; Putnam, 10; Rhea, 23; Scott, 11; Sequatchie, 4; Sevier, 21; Sullivan, 37; Union, 10; Union, No. 1, 40; Chattanooga division, No. 1, 40; Chattanooga division, No. 2, 48; Knoxville division, No. 2, 38.

Approximately the same number of white registrants will be called out from each division each month during the remainder of 1918. There remain yet to be allotted from the various counties, 821 negroes required under the April call, and also 1,515 negroes remaining under the first draft.

BACKED WRONG HORSE

Amsterdam, April 9.—The Koelnische Volks Zeitung, in commenting upon President Wilson's Baltimore speech, says: "It is beginning to dawn upon Americans that they have backed the wrong horse, as witness the raging speech of the president, whose mental equilibrium seems badly upset. All Americans are shocked. The first war year amount to a casualty list of more than 3,000."

Deplored in Austria.

Zurich, Monday, April 8.—The tone of President Wilson's speech at Baltimore is deplored in Austria, says a Vienna dispatch to the Neue Zürcher Zeitung, although under the circumstances it is regarded as intelligible. The essential point is considered to be the president's readiness, under the conditions indicated, to conclude peace even now. The situation, therefore, is looked upon as unchanged. The Vienna press in general, the dispatch says, regards the speech as very moderate.

BOLO PASHA TO MAKE IMPORTANT REVELATIONS

Paris, April 9.—Revelations of the highest importance are said by the Matin to have been made by Bolo Pasha, under sentence of death for treason, to whom a reprieve was granted yesterday. The newspaper asserts Bolo has made only a beginning of what he has to say and that another important case in connection with the German propaganda in France is about to develop.

Storm Warnings From Norfolk to New York

Washington, April 9.—North-east storm warnings were ordered displayed on the Atlantic coast from Norfolk to New York at 9 a. m. today by the weather bureau. A storm off the Carolina coast was moving northeast and moderate easterly gales were indicated for this afternoon and tonight.

BOLSHEVIK ENVOY HELD AS HOSTAGE BY FINNS

London, April 9.—M. Kamenoff, who some time ago was appointed bolshevik ambassador to France and was arrested in Finland, will be held by the Finnish guards as a hostage, Reuters' Petrograd correspondent reports. In reply to a request made by the Russian authorities through Swedish representatives in Finland for M. Kamenoff's release, the white guards said he would be held pending the receipt of guarantees of noninterference in Finnish affairs by Russian red guards.

PREMIER OF ITALY BACK FROM TOUR ALL FRONTS

Italian Headquarters in Northern Italy, Monday, April 8.—(By the Associated Press.)—Premier Orlando has just completed a tour of four days along the Italian and French front. He visited most of the corps and division headquarters and conferred with commanders on the military situation on the various sectors.

The commanders spoke of the high morale of the troops and of the dependable qualities they are constantly showing.

PEARY RECOVERING FROM BLOOD TRANSFUSION

Washington, April 9.—Rear Admiral Robert E. Peary, retired, the Arctic explorer, is recovering at his home here from a blood transfusion operation. The treatment was given for what the doctors described as "pernicious anemia."

CARRANZA CONGRATULATES KING ALBERT OF BELGIUM

Mexico City, April 9.—President Carranza sent the following message to King Albert of Belgium yesterday on the occasion of the king's birthday: "I have the honor to express to your majesty in the name of the people and government of Mexico my most cordial felicitations on this day upon which the anniversary of your birth is commemorated, and I am pleased to extend my best wishes for the peace and liberty of Belgium, for your personal happiness and for that of your august family."

(Signed) "V. CARRANZA."

IMPROVEMENT IN CONDITION OF REPRESENTATIVE JONES

Washington, April 9.—Improvement in the condition of Representative William A. Jones, of Virginia, was reported today at the hospital, where he was taken after suffering an attack of paralysis Sunday. Physicians at the hospital stated that his condition still is critical, and that they could not expect any material improvement for several days, but were more hopeful of the outcome today than they were yesterday.

Athletes Say Iron Is Greatest of All Strength Builders

Tell How They Get Power and Endurance to Win

Why These World Famous Athletes and Strong Men Take Nuxated Iron as a Tonic, Strength and Blood Builder. It Will Increase the Strength of Weak, Nervous, Run-Down Folks in Two Weeks' Time in Many Instances.

WHEN interviewed on the baseball field, Harry Hooper, famous star of the Boston "Red Sox," said: "In the World's Series Game every player is put on his mettle. He must be able to play equally as well in the ninth and first innings, for no score is closed while a single batter has an unpitched ball ahead of him. Since I have made Nuxated Iron a part of my regular training, I have found myself possessed of strength, power and stamina to meet the most severe strains."

"White Sox," winners of the last World's Championship Baseball Series, said: "Nuxated Iron certainly makes a man a live wire and gives him the 'never-say-die' strength and endurance. When I see in the papers, Jackson's batting was responsible for the Chicago victory. I feel like adding to it—'Nuxated Iron puts the power behind the bat and gives the needed punch to every play.'"

"In the office of his manager on Broadway, Freddie Hill when champion endurance racer of the world, said: "In no test of endurance and stamina do men need such tremendous reserve strength and power as in a six-day bicycle race. Doctors have always told me, and I believe I have proven it in my own case, that the blood must be filled with iron to stand the terrific strain on mind and body. People marvel at my great strength and endurance and wonder how I came back so quickly after having had such a disastrous fall inflicting concussion of the brain. The secret is Nuxated Iron. It has put the old-time 'pep' and vim in my blood, and actually made me a stronger and better man than I was at any previous time in my whole career."

Commenting upon the remarkable results which Nuxated Iron has produced for these and other athletes in so many branches of sports, Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.) New York and the Westchester County Hospital said: "There are thousands of men and women who need a strength and blood builder, but do not know what to take. In my own opinion there is nothing better than organic iron—Nuxated Iron—for enriching the blood and helping to increase the strength and endurance of men and women who burn up too rapidly their nervous energy in the strenuous strain of the great business competition of the day. Nuxated Iron helps give a man the power to put forth the extra effort necessary to win, whether it be in athletics or commercial life."

But you can't make strong, vigorous, successful, sturdy men by feeding them metallic iron, any more than you can build up strength and health by feeding a man on hay. The old forms of metallic iron

must go through a semi-digestive process to transform them into organic iron—Nuxated Iron—before they are so ready to be taken up and assimilated by the human system. But in face of all that has been said and written on this subject by well-known physicians, thousands of people still insist on doing themselves with metallic iron simply because it costs a few cents less. I strongly advise readers, in all cases, to get a physician's prescription for organic iron—Nuxated Iron—or if you don't want to go to this trouble, then purchase only Nuxated Iron in its original package and see that this particular name (NUXATED IRON) appears on the package. If you have taken preparations such as Nux and Iron similar iron failed to get results, remember that such products are an entirely different thing from Nuxated Iron.

Dr. A. J. Newman, formerly House Surgeon, Jefferson Park Hospital, Chicago, in commenting on the value of Nuxated Iron, said: "This remedy has proven through my own tests of it to excel any preparation I have ever used for creating red blood, building up the nerves, strengthening the muscles and correcting digestive disorders. The manufacturers are to be congratulated in having given to the public a long-felt want, a true tonic supplying iron in an easily digested and assimilated form. A true health builder in every sense of the word." If you are not strong or well, you owe it to yourself to make the following test. See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron, three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. Many an athlete or prize fighter has won the day simply because he knew the secret of great strength and endurance, which comes from having plenty of iron in the blood, while many another has gone down to inglorious defeat simply for lack of iron.

Manufacturers' Note—Nuxated Iron which has been so successfully used by some of the World's Greatest Athletes, and which is prescribed and recommended by physicians, is not a secret remedy, but one which is well known to druggists everywhere. Unlike the older inorganic iron products, it is easily assimilated, does not injure the teeth, make them black nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser, or they will refund your money. It is dispensed in this city by Jo Anderson and all other druggists.—(Adv.)

General John J. Pershing Photo by "International Film Service, Inc."

LET US BACK HIM TO THE LIMIT

WHAT are you doing to help Pershing push on to Potsdam? You know what he said: "The German army can be beaten; the German army will be beaten; the German army must be beaten." Pershing can't do it alone. He and our army with him can't do it alone. You and I have to be with them, heart and soul and pocketbook. We've got to back Pershing to the limit—to the last ditch and the last man and the last dollar.

His responsibility is greater than that ever shouldered by any American general—really greater than that of any other general in this war.

Pershing is responsible with President Wilson, for our Country

He needs a steady stream of food, munitions, ships and men. And there is just one way to raise these for him—we must raise the money to supply them.

Everybody must help—high and low, rich and poor. There is no man or woman who cannot help us back Pershing.

"Upon America is to rest the brunt of the terrible burdens to come," said General Pershing. He is there. He knows.

Buy your Liberty Bonds today. Don't wait until the closing days of the campaign, but be one of those who see their duty now and do it at once

Buy Liberty Bonds today. Buy all you can afford—and more. Buy till it hurts; then buy till it quits hurting. "Let's keep the glow in Old Glory." Pershing is doing his share; we will do ours. Help the boys at the front; help those making ready to go; help the boys of the navy—help the President and back Pershing to the limit.

The task is great, the duty is tremendous; the aim is vast; the result is sure—if we back Pershing.
